Quantum'27

An Intra Department Fest

Rules and Guidelines for Various Events to be held on 24.09.2026

Event 3: Web Jam – Codeless Web Development

Eligibility

- Open to all UG students of the Department of Computer Technology.
- Participation should be a **maximum of 2 members**.

1. Topic

- The website development topic will be given **on the spot** at the beginning of the event.
- Participants must design and develop a website based on the given topic **using codeless/no-code web development platforms**.
- Participants must develop the website using AI tools.
- The final website should demonstrate creativity, usability, responsiveness, visual appeal, and effective use of the chosen no-code platform.

2. General Rules

- The topic will be announced only at the venue.
- Participants must report to the venue 15 minutes before the event begins.
- Participants must develop the website within **45 minutes**.
- Only AI tools like **ChatGPT, Antigravity, and Figma AI** should be used.
- AI tools and AI-powered website generators are allowed.
- Coding using **HTML, CSS, JavaScript, React, or other programming languages** is permitted.
- Pre-designed websites, previously created projects, and templates prepared before the event must not be submitted. Any such submission will result in disqualification.
- Participants must create the website from scratch during the event based on the given on-the-spot topic.
- Participants must not copy another participant's design or project.
- The decision of the judges will be final and binding.
- Participants must submit the final website link before the end of the event.
- Participants should be able to explain the design, features, and development process to the judges.

3. Evaluation Criteria

- Relevance to On-the-Spot Topic – 20%
- UI/UX & Visual Design – 20%
- Effective Use of No-Code/AI Tools – 20%
- Creativity & Innovation – 15%
- Adaptation and Implementation of Assigned Feature – 15%
- Functionality & Presentation – 10%
